YOU'RE INVITED TO THE 2024 ACE LUNCHEON!

More than 400 business leaders, educators and industry professionals are gathering to learn about the ACE Mentor Program's mission to **educate and inspire students** about careers in the integrated construction industry.

Funds raised during last year's spring scholarship drive helped ACE Oregon award **\$115,000 in scholarships** to 16 seniors who are majoring in architecture, construction or engineering.

The Luncheon is an exciting opportunity to meet student participants, hear from volunteer mentors and support new talent in the industry. **We hope you will join us!**
